About
In the first half of The
Photographer's Guide
to Posing, Lindsay
discusses how the

Access Free A Photographers Guide To Body

camera sees, and thus how camera angle, lens choice, and perspective all affect the appearance of your subject. Lindsay then covers the five most important things that ruin a pose—such as placement of the hands, and your subject's expression and posture.

body; A simple rule would be not to photograph anything that bends. Cutting off at the knee is a bad idea. Limbs. Limbs are a problem for the models. They become loose objects that have no place and feel strange in every position. You, as the photographer, need to place them in the best possible ways.
