the study of technical content leading to other PLTW courses and/or collegiate study in a similar area.

Design & Drawing for Production (PLTW IED)

Project Lead The Way creates an engaging, hands-on classroom environment and empower students to develop in-demand knowledge and skills they need to thrive.

PLTW Engineering Curriculum | PLTW

PLTW courses integrate equipment, technology, and supplies into the curriculum to give students hands-on experiences and opportunities to apply what they learn in a meaningful way. Students have access to equipment and software employed by industry, so that they can see the real-world implications of what they learn.
