The Early Arabic Historical Tradition: A Source-Critical ...

The authors of this study, focusing primarily on evidence drawn from the period of the early Arab conquests (especially the reigns of Abu Bakr and Umar), highlight problems of textual reliability and authenticity in the sources, and suggest a set of new directions for distilling fact from fiction. Problems include the variety of narratives describing events, the occasional element of hagiography, and the inevitable tendentiousness of a history finally transferred from oral to written form two ...
