The first thing you need to do is launch STK, and create a new scenario. Double-click the STK icon on the desktop. Everything in STK begins with a scenario. A scenario is STK's name for an instance of an analytical or operational task being modeled using STK. In STK a scenario is represented by an icon of an idealized "scene".

Basic Satellite Scenario Design in STK

History. The History tab provides information about the activity of the Automatic Updates.It is useful to check this to diagnose problems, such as missing updates because STK was running. The Delete History button permanently deletes the current history contents.. If an automatic update occurs while this tab is up, the tab is automatically refreshed.
