### Microeconomic Analysis by Hal R. Varian - Goodreads

Microeconomic analysis attempts to explain the behavior of individuals and organizations in a given economy. Before being able to understand macroeconomics, or national and global trends for indicators like Gross Domestic Product, it is helpful to know how economics works on a small scale. Microeconomics fills this purpose by providing analysis on a smaller scale.

At Cornell, Varian was helpful during the first semester of my microeconomic theory course, but provided virtually no help after that. Additionally, I found the practice problems and examples in Varian very helpful when studying for exams. In summary, all serious economists usually have Mas-Colell.
